# ABOUT US

We work with a large network of partnership schools in Essex and Havering who are passionate about training and developing outstanding and confident teachers. Schools design and deliver the programme reflecting on the real demands and challenges teachers face in the classroom.

We provide bespoke training of the highest quality and over the last five years 100% of our trainees have passed the course with Qualified Teacher Status (QTS) and gained a Post Graduate Certificate in Education (PGCE) with 60 Master credits.

The programme offers a real balance between hands on classroom experiences and the theory underpinning educational practice.

*A very strong sense of teamwork exists across the partnership. Schools are highly influential and involved in the future direction of the partnership*
